ONE DAY IN THE LIFE OF NEVADA LIBRARIES

SCHOOL LIBRARIES

The purpose of this survey is to capture the impact that Nevada libraries of all types have on their communities on a typical day. The usage data will supplement the pictures we hope all of you will be taking on **one day of your choice from April 9-15, 2017**. Together, the data, comments, pictures and videos will present a compelling vision of the role of libraries in Nevada.

Libraries can use these results in articles for local newspapers and library newsletters as well as in letters to stakeholders and in promotional materials for the library.
